

HouseBreathe CM

easy-trim HouseBreathe

Description

HouseBreathe CM (cassette membrane) is a high performance membrane (vapour permeable) for maintaining the integrity of the building's air tightness. A triple ply construction with two layers of spun bonded polypropylene surrounding a functional, HouseBreathe CM is a heavy reinforced membrane capable of withstanding the rigours of installation waterproof and vapour permeable film. An airtight seal around the floor cassette and HouseBreathe CM should be created using

Performance	Value
Nail tear strength	395MD 389CD
Tensile strength (N/50mm) to EN 12311-1 (modified)	389MD 349CD
Water vapour resistance (MNs/g) to EN1931	0.02
Weight (gm ²)	165gsm

- Straight forward installation; no special tools required
- Maintains the air barrier line
- Provides impenetrable protection from water and air to exposed cassette edges
- High vapour permeability reduces the risk of interstitial condensation

Roll sizes

- 0.75m x 50m
- 1m x 50mm
